chivalrous gentleman. Though quick For the Sunday Apreal. to form an opinion, and impetuous and sometimes extreme in the discussion of t, he was honest in it, and scorned to ake a mean advantage of a political or To day is my day of the week; any other adversary." Colonel Martin eaves a wife and four grown children to nourn his demise, which was sudden and unexpected. In writing this brief obituary a thought ceeurs which, in ultering, we believe not inappropriate to the occasior. It is this: The stormy days of Whiggery and secession madthe writer hereof and Colonel Martin bitter enemies; but subsequent friendship and this tribute teaches the lessons of charity, the folly of personal enmity in the discussion of politics. Time and And for better acquaintance with our fellows often causes flerce hatreds to give place to beautiful friendships. In the turmoit of political strife we have warred with My con M'Clanshan, and Dill, and Yerger, and M'Mahon, and Rockett, and Walker, and Carroll and others, but the shifting events of life made new friendships, And enfe and the pen ones busy in assailing them was more wisely wielded in praise of their splendid traits of character. These things should lead politicians to charity. Death is at every man's door. Any one of us may fall. These against whom pens in gall are now writing, may pass to their account before the articles have received the 'ast touches of malignity.

olive oils, inks, rum (scented and pure), R. W. the aggressor. He had used lar guage New York Evening Post.] in respect to Burr which that gentlema could not pass over as a soldier with a becoming regard to the sentiments of that day. The fate of Hamilton was accidental. It might have been his competitor. He intended to kill Burn Burr intended to and did kill him Wherein is Barr his murderer? In so cial a anding the character of Burr wi ot suffer by a comparison with that o Alexander Hamilton. As a political in riguer the latter surpassed Burr. In his relations with women he was no more And he who learns truly must love what he onorable. Burr was never reduced to he necessity of writing a letter to his wife begging her pardon for marital infidelities. Hamilton did, and he had the exquisite meanness to mention the name of the woman with whom he had | And yet, alas! it is possible sinned, and for which afterward he escaped very narrowly being called to a severe account by one of her friends.

THE LAST SONG.

BY MAX O'RILEY.

Whose business but mine

The six days I give That my family may live, enth some pleasure this seek

At the conster or till, a more industrious than me. To-day I must rest. And the sweetest and best,

"The mechanic and clerk,
Through the week's weary work,
Looks ahead to the Sunday for fun.
For sweet recreation
In brief dissipation,
And drink this the nerves are unstrang.

" In the factory or mill,

found in the seventh day esp. ev.

"From morning till noon, In the gilded saloon, And from noon till far in the night, We drink and repeat, Till the brain is aheat, And the heart strings ache for a fight.

nerve me up for the play.

" The wife, babe and home

" When time, with its cares

And this was the song

As hurriedly on
The mechanic passed into the street;
But he sang it no more,
For the garments he wore,

Twas during a game-

administrations of Jefferson and Madi-

He wasn't to blame; so agreed his comrades and all— That something arose; Twas followed by blows, And ended with powder and ball.

Were exchanged for the shre

The Art of Housing a Populace.

The Art of Housing a P An article in Scribner's Monthly for Fabruary, entitled "A Hundred Thougher and Homes," raises expectations of an interesting account of how the homes are built, but expends itself mainly in worthy has called upon the President. Bulgarians. Leaving out of view the handing in their cases to the court, was sufficient to absorb most of her time, showing how the money for them is provided, and only incidentally tells anything about the houses themselves.

Our neophite was well aware that the hackneyed quotation, "No man is a there would still be a population of some nine millions, who are united in race, and whose themselves.

Our neophite was well aware that the hackneyed quotation, "No man is a there would still be a population of some nine millions, who are united in race, and whose themselves. Philadelphia is doubtless, as the article says, a city of homes. The ample of measuring a bero, but it puzzled him says, a city of homes. The ample of measuring a bero, but it puzzled him says, a city of homes. The ample of measuring a bero, but it puzzled him says, a city of homes. The ample of measuring a bero, but it puzzled him says, a city of homes. The ample of measuring a bero, but it puzzled him such as a so one of the regular to lecture. She was also one of the regular to lecture. says, a city of homes. The ample breadth of the city, the low price of real estate, the moderate percentage expected in rent, all help to make it so, and ed in rent, all help to make it so, and ed in rent, all help to make it so, and ed in rent, all help to make it so, and ed in rent, all help to make it so, and ed in rent, all help to make it so, and ed in rent, all help to make it so, and ed in rent, all help to make it so, and ed in rent, all help to make it so, and ed in rent, all help to make it so, and ed it so that the destroy museum at Copen hagen, lately completed, is spoken of as interesting, both architecturally and interesting, both architecturally and manners. But its formation would be a perpetual our rier to Turkey, indeed might eventually control Constantinople and the sea of interesting, both architecturally and from the extent and methodical arrange-manners. But its formation would be a perpetual our rier to Turkey, indeed might eventually control constantinople and the sea of interesting, both architectural part of the regular to the control of the regular to the re we doubt if in any othergreat city, out of England at least, so large a proportion of families occupy separate dwellings. Even the system or ground rents established there, which might be expected to check building, does not seem to work in that way. The great problem in the large proportion in that way. The great problem in the large proportion is a large from the extent and methodical arrange-ment of its collection. It comprises the with two great obstacles: the op-position of Russis, which represents the North Sclavs, and the opposition of Russis, which represents the North Sclavs, and the opposition of Austria, which would dread its influence of the proposition of Russis, which represents the North Sclavs, and the opposition of Russis, which represents the North Sclavs, and the opposition of Austria, which would dread its influence of the proposition of Russis, which represents the North Sclavs, and the opposition of Austria, which would dread its influence of the position of Russis, which represents the North Sclavs, and the opposition of Austria, which would dread its influence of the proposition of Russis, which represents the North Sclavs, and the opposition of Austria, which would dread its influence of the section. It comprises the with two great obstacles: the op-position of Russis, which represents the North Sclavs, and the opposition of Russis, which represents the North Sclavs, and the opposition of Russis, which represents the North Sclavs, and the opposition of Russis, which represents the North Sclavs, and the opposition of Russis, which represents the North Sclavs and the opposition of Russis, which represents the North Sclavs and the opposition of Russis, which represents the North Sclavs and the opposition of Russis, which represents the North Sclavs and the opposition of Russis, which represents the North Sclavs and the opposition of Russis, which represents the North Sclavs and the opposition of Russis, which represents the North Sclavs and the opposition of Russis, which represents the No distribution of city populations is to dredth year to study the influence of these manifold interests which make exhibition of the larger mammalis, are one son, about fourteen years old, and a bring together as compactly as possible certain political phases on the rising the final settlement of the castern question so difficult if not impossible to some or cabinets, arranged in three younger daughter.
